EDUCATION

Southeastern Louisiana University

B.S. in Computer Science, Minor in Mathematics

- **GPA:** 4.0/4.0

Hammond, Louisiana

Expected Graduation, May 2027

EXPERIENCE

DSS Inc.

Software Engineer Intern – AI

Baton Rouge, Louisiana

August 2026 – Present

- Building AI tooling and agents for developers internally and for features of customer-facing products.
- Developing software for Juno Health, including code changes within a production electronic health record (EHR) platform.

Amazon Web Services

Cloud Support Engineer Intern

Dallas, Texas

May 2026 – August 2026

- Built and deployed an internal monitoring dashboard to measure uptime, average response time, and P95 response time, using ECS, EKS, Docker, load balancing, IAM, and cloud networking.
- Debugged distributed systems issues to improve the reliability and performance of AWS workloads.

Amazon Web Services

Cloud Support Associate Intern

Dallas, Texas

June 2025 – September 2025

- Built a chatbot to automate 9 troubleshooting workflows for OpenSearch clusters on AWS, reducing time-to-resolution and costs.
- Deployed a three-tier web app designed for high availability, scalability, and least privilege security.

Louisiana Army National Guard

Motor Transport Operator

Slidell, Louisiana

October 2022 – Present

- Maintaining an active Secret Security Clearance.

PROJECTS

MedAI – Healthcare Coworker (Python, Bedrock, PostgreSQL, AWS, Terraform)

- Led backend development for an AWS-deployed project built for a client, DSS Inc.
- Built an LLM orchestrator that enables Claude on Bedrock to access company documents via RAG and patient data via MCP for context-aware reasoning.
- Integrated Server-Sent Events streaming, Cognito JWT authentication, PostgreSQL user database (RDS), and AWS ECS Fargate deployment.

Real-Time Multiplayer Game & Chat Server (Rust, Axum, Tokio, WebSockets)

- Built a WebSocket server supporting stateful game sessions and live chat with real-time updates.

TECHNICAL SKILLS

- **Languages:** Python, Java, Rust, C#, SQL, TypeScript
- **Backend:** REST APIs, Server-Sent Events, WebSockets, FastAPI, .NET
- **Infrastructure:** AWS, Kubernetes, Bedrock, ECS/Fargate, RDS, Lambda, Docker, Terraform

CERTIFICATIONS

AWS Certified Solutions Architect – Professional, AWS Certified Solutions Architect – Associate, AWS Certified Developer – Associate, AWS Certified CloudOps Engineer – Associate, AWS Certified AI Practitioner, AWS Certified Cloud Practitioner
