EDUCATION

Southeastern Louisiana University

Bachelor of Science in Computer Science

- **GPA:** 4.0/4.0

Hammond, Louisiana

Expected Graduation: May 2027

EXPERIENCE

Amazon Web Services

Cloud Support Engineer Intern

Dallas, Texas

May 2026 – Present

- Return internship focused on building and deploying containerized applications for scalability and operational reliability using EKS, ECS, Docker, load balancing, IAM, and cloud networking.
- Debugging distributed systems issues to improve the reliability and performance of AWS workloads.

Amazon Web Services

Cloud Support Associate Intern

Dallas, Texas

June 2025 – September 2025

- Built a chatbot to automate 9 troubleshooting workflows for OpenSearch clusters on AWS, reducing time-to-resolution and costs.
- Debugged cloud infrastructure environments for networking, security, and configuration issues.
- Deployed a three-tier web app architecture designed for high availability, scalability, and least privilege security.

Louisiana Army National Guard

Motor Transport Operator

Slidell, Louisiana

October 2022 – Present

- Maintaining an active Secret Security Clearance.

PROJECTS

MedAI – Healthcare Coworker (Python, Bedrock, PostgreSQL, AWS, Terraform)

- Led backend development for an AWS-deployed project built for a client, DSS Inc.
- Built an LLM orchestrator that enabled Claude on Bedrock to access company documents via RAG and patient data via MCP for context-aware responses.
- Integrated Server-Sent Events streaming, Cognito JWT authentication, PostgreSQL user database (RDS), and AWS ECS Fargate deployment.

Real-Time Multiplayer Game & Chat Server (Rust, Axum, Tokio, WebSockets)

- Built a WebSocket server supporting stateful game sessions and live chat with real-time updates.

Fitness & Nutrition Tracker Full Stack Web App (C#, React, ASP.NET, SQL, Git)

- Built a web app with a relational database, backend REST API in C# (.NET), and a React frontend.

TECHNICAL SKILLS

- **Languages:** Python, Java, Rust, C#, SQL, TypeScript
- **Backend:** REST APIs, Server-Sent Events, WebSockets, FastAPI, .NET
- **Infrastructure:** AWS, Kubernetes, Bedrock, ECS/Fargate, RDS, Lambda, Docker, Terraform
- **Concepts:** Distributed systems, system design, AI application architecture, LLM orchestration
- **Tools:** Claude Code, Codex, Git, GitHub, Linux

CERTIFICATIONS

AWS Certified Solutions Architect – Associate, AWS Certified Developer – Associate, AWS Certified CloudOps Engineer – Associate, AWS Certified AI Practitioner, AWS Certified Cloud Practitioner
